-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --  
Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

1. The reissue oath/declaration filed with this application is defective because the error which is relied upon to support the reissue application is not an error upon which a reissue can be based. See 37 CFR 1.175(a)(1) and MPEP § 1414.
2. MPEP 1414 (II)( C) requires that "(a)ny error must be identified by reference to the specific claim(s) and the specific claim language wherein lies the error". This is referring to original patent claims. The original patent in this case had 19 claims. The information concerning what was presented in a parent reissue application has bearing on what is the error in the original patent currently being corrected by the present reissue application (that was not corrected in the two parent reissue applications).
3. MPEP 1414(II)( C) further states that "a statement of ... failure to include a claim directed to ..." and then presenting a newly added claim would not be considered a sufficient "error" statement because applicant has not pointed out what the other claims lacked that the newly added claims has, or visa versa." One of applicant's purported errors is basically the failure to include method claims 25-29 which were then set forth in the declaration. This is exactly what MPEP 1414(II)( C) indicates to be insufficient.
4. Although applicant has correctly stated that the declaration states that "claims in the patent included unnecessary limitations", the declaration never stated what these unnecessary limitations were or in which patent claims these unnecessary limitations could be found. Instead, the declaration and applicant's remarks just go on to point out the limitations of some of the new claims added by the reissue. Claims 20-46 are rejected as being based upon a defective reissue oath/declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the oath/declaration is set forth in the discussion above in this Office action.
